BLADENET

Canada's Online Amateur Hockey Community

BladeNET Providing Online Scheduling, Scoring, and Standings Solutions for Your Tournament

Online scheduling, scoring, and standings for this tournament are being provided by BladeNET and its technology partner, The Sports Gateway.

Your tournament organizers have chosen to provide you with the most advanced tournament management system.

With BladeNET's Tournament Management system, players, coaches, family members, and fans have immediate access to the latest schedules, scores, and standings.

Game results are entered online and Tournament Management's robust software automatically calculates standings according to your tournament's rules and instantly displays them online.

Tournament Management allows you to configure tournaments any way you like. Administrators can choose Round Robin, Head to Head, or Championship formats.

But what if your tournament uses more than one format? No problem. Tournament Management lets you use any number or combination of formats to create your tournament schedule.

If you would like more information about BladeNET's Tournament Management, contact us at admin@bladenet.net

Get Free Online Scheduling, Scoring, and Standings for Your Regular Season from BladeNET
